1. Select the workshop batch you want to join from open slots below

18-22 Nov

2. What are your thoughts on how this residency could be of help to you or your organisations work?

The Tech for Climate Action Residency could significantly benefit TCL by helping align technology with your agriculture and community initiatives, like GIS mapping, data collection through Kobo, and CRP training. It would enhance data-driven decision-making, streamline operations such as staff and inventory management, and improve internal communication through better knowledge management systems. Additionally, the residency can boost TCL's digital outreach and visibility, attracting more support for your projects. With free access to tech tools and hands-on learning, it's a valuable opportunity to scale your impact with minimal cost.

3. Organisation Details, if you are applying as NGO participant

Organization Name: Trust Community Livelihoods (TCL) About: TCL is a non-profit organization working to improve agricultural livelihoods and empower rural communities in Uttar Pradesh. We focus on sustainable agriculture, community resource person (CRP) training, and providing access to solar energy, polyhouses, biogas units, and organic inputs for smallholder farmers. Our projects also include capacity building for women's producer groups and facilitating entitlement camps that

help marginalized communities access government services. Key Partnerships: We partner with Aga Khan Foundation under the IBL Flagship project funded by IndusInd Bank, focusing on sustainable agricultural practices and livelihood improvement in rural areas. Website: <http://www.trustcommunitylivelihoods.org/> Social Media: LinkedIn- <https://www.linkedin.com/company/trustcommunitylivelihoods/mycompany/> Key Initiatives: GIS mapping of solar and agricultural resources Farmer training and capacity-building programs using KoboToolbox for data management Udhya Mahila Producer Company Ltd., a women-led initiative to support smallholder farmers

4. If you are a student or staff representing a grassroots NGO with limited budget, do you need a travel allowance to cover your travel costs?

Yes, as a grassroots NGO with a limited budget, we would greatly appreciate a travel allowance to help cover the travel costs for our staff attending the residency. This support would enable us to participate and benefit from the program without straining our financial resources, ensuring we can fully engage in the learning and co-creation process.

5. A working laptop will be required for the workshop and future online support.

Yes, I have a laptop

6. What is one thing that your friends & colleagues find valuable about you?

One thing my friends and colleagues consistently find valuable about me is my ability to communicate complex ideas in a clear and accessible way. Whether it's simplifying technical details or facilitating discussions, I'm often relied on to make sure everyone is on the same page and feels confident moving forward.
