About Book

Title: Guide to Responsible Data Practices

Author: Megha Jibhakate

Acknowledgements:
I want to express my deepest gratitude to everyone who helped me with this book! Especially to my mentor **Shemeer**, who always encouraged me and helped me with ideas, **Sumi**, who assisted with content other tasks, and **Jinso**, who provided tech support. Your help and ideas made this book possible, and I am truly grateful for all your support.

About This Book:

Welcome! This book is all about helping you understand and enjoy exploring data. You will learn how information is collected, find patterns, and discover what it all means. Whether you are new to data or already know a bit, this book makes learning easy and exciting.

Happy exploring!
Thank You.
