1. Select the workshop batch you want to join from open slots below

5-6 dec

2. What are your thoughts on how this residency could be of help to you or your organisations work?

As a working in environment and climate sector this residency program could be incredibly beneficial in several ways. Firstly, it would provide valuable knowledge and insights on best practices for addressing climate change, which could enhance our strategies and initiatives. Collaborating with experts and other organizations would foster innovation and creative solutions.

3. Organisation Details, if you are applying as NGO participant

Shah Technical consulting (STC) is a consulting firm specializing in large civil and environmental engineering projects and is ranked as one of the top firms in India. Presently STC organization working as as Project Management unit (PMU) working under Jal Jeevan mission project with Madhya Pradesh Government.

4. If you are a student or staff representing a grassroots NGO with limited budget, do you need a travel allowance to cover your travel costs?

yes need Travel allowance

5. A working laptop will be required for the workshop and future online support.

Yes, I have a laptop

6. What is one thing that your friends & colleagues find valuable about you?

My supportive approach and often fosters collaboration and strengthens our connections. They appreciate that I create a space where they feel heard, and I can provide perspectives that help them navigate challenges or brainstorm ideas.
