1. Select the workshop batch you want to join from open slots below

28-29 Nov '24

2. What are your thoughts on how this residency could be of help to you or your organisations work?

My organization (NavGurukul) can make our work more visible and accessible, especially to potential supporters who align with our mission. This residency could help us brainstorm creative strategies to showcase how NavGurukul transforms lives—not through traditional advertising, but by building genuine trust and connections. We want to reach more underserved girls and communities, and sharing impactful stories could be a powerful way to expand our reach in a meaningful way that resonates authentically.

3. Organisation Details, if you are applying as NGO participant

NavGurukul is a non-profit organization empowering underprivileged girls through a residential program focused on software engineering and digital skills. Our program is designed to equip students with essential technical and 21st-century skills, preparing them for sustainable careers in technology and beyond. For more information about our work and impact, please visit our website at <https://www.navgurukul.org/> and explore our social media channels.

4. If you are a student or staff representing a grassroots NGO with limited budget, do you need a travel allowance to cover your travel costs?

Thank you for the consideration. I am a staff at NavGurukul. Yes, I would appreciate a travel allowance to help cover my travel expenses. The travel location would be from Pune by train, and the approximate cost for this travel is 1650. I understand that your budget is limited, and I am grateful for any support you can provide.

5. A working laptop will be required for the workshop and future online support.

Yes, I have a laptop

6. What is one thing that your friends & colleagues find valuable about you?

I'm fortunate to have received kind feedback from friends and colleagues who often mention that they find my positivity and support helpful. I try my best to stay available and approach challenges with an optimistic outlook, and it's meaningful to know that this contributes to a more encouraging and uplifting environment. It's a reminder of how our collective energy and support can make a real difference in both our work and friendships.
